# **Reporting Crimes & Other Emergencies**

## **Annual Disclosure of Crime Statistics Requirement Campus Security (Clery Act)**

### **Details of the Clery Act (Campus Security)**

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 is part of the Higher Education Act. The goal of the Clery Act is to ensure students, prospective students, parents and employees have access to accurate information about crimes committed on campus and campus security procedures.

It requires institutions of higher education that receive federal financial aid to report statistics on specified crimes on or near our college campus and to provide other safety and crime information to members of the campus community. This information must also be reported to the federal Department of Education by October, 1 of each year.

Failure to comply with the reporting requirements may be punished with a \$35,000 fine, and egregious non-compliance may cause an institution to lose all federal financial aid funds.

### **CRIME AND SECURITY REPORTING**

Any victim or witness to a crime that occurs on the campus, property immediately adjacent to the campus, or Clinical, externship facilities, may immediately report incident to the College President or Campus Director or available office staff. Any suspicious activity or observations made by students, staff or visitors may also be reported the College President, Campus Director or available office staff. All criminal activity can immediately be reported to law enforcement by dialing 911. Reports can be confidential. Listed below are the names and direct phone numbers for reporting:

1. College President Mrs. Vella Masip: (626) 825-6042

2. Front Office personnel: (626) 808-0215

(will contact College President, Campus Director 911, or appropriate agency)

### **VOLUNTARY CONFIDENTIAL REPORTING**

All victims will have the opportunity to report any criminal incidents or suspicious incidents to the local police department. On report of incident to the College President, Campus Director or Office Staff, the student will have assistance in contacting appropriate law enforcement agency and making a report. If the student decides not to have incident reported to local police authorities, the situation will then be handled by internally by the College. If there offensive or dangerous activities are from an enrolled student, the College retains the right to provide disciplinary action, even if it is not investigated by a police department. If there is a threat to the safety or health of those at the College, the College representative will notify local law enforcement.

Safety Action Plans Integrity College of Health complies with California law in recognizing orders of protection, “no contact” orders, restraining orders, or similar lawful orders. Any person who obtains such an order should provide a copy to the President or Director of Program and the Office Staff. A victim may then coordinate with the President to develop a Safety Action Plan, for the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, changing classroom location, etc. In California, an Emergency Protection Order may be available through a law enforcement officer at any time of day. The College cannot apply for a legal order of protection, no contact order, or restraining order for a victim or on their behalf. The victim is required to apply directly for these services in conjunction with the police of the county. The College can issue an institutional “No Contact” directive if deemed appropriate and at the request of the victim or if deemed needed. To the extent of the victim’s cooperation and consent, college offices and work cooperatively to ensure that the victim’s health, physical safety, work, and academic status are protected, pending the outcome of a formal College investigation of the complaint. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with individuals with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the victim. Further, the institution will maintain as confidential any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures. The College does not publish the name of crime victims nor house identifiable.

### **Rights of Victims and the Institution's Responsibilities for Orders of Protection**

“No Contact” Orders, Restraining Orders, or Similar Lawful Orders Issued by a Criminal, Civil, or Tribal Court or by the Institution the College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). By only sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The College does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, when a Timely Warning Notice is issued, including on the basis of a report of domestic violence, dating violence, sexual assault stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

The College President and Office Staff will implement the Timely Warning Notification System. Timely Warnings may be communicated by the following methods:

### **Emergency Notification & Evacuation Policy**

The College President or designee will determine if there is an emergency or dangerous threat that requires notification and/or evacuation. An emergency or dangerous threat is defined as an immediate threat to the students, faculty or staff in the campus, local area, or at where students and faculty are training.

If it has been advised that a dangerous situation exists, the notification system will be implemented in the safest manner to respond to the existing threat or danger. Once the notification and evacuation system has been determined to be initiated, all students and staff will be notified by College President or designee. College President will maintain contact and update on a consistence basis about the dangerous situation.

Notification and evacuation system will be tested on yearly basis, including announced and unannounced tests. The drills will be documented in log with the date and time initiated; what type of test; whether it was announced or unannounced.

## **Timely Warning Notices**

### **Timely Warning Standard**

In the event a crime is reported or a situation arises, within Integrity College of Health Clergy Geography (On Campus, Public Property, and Non-campus property), that in the judgment of the Externship or Clinical Instructor or President or Campus Director

and in consultation with responsible authorities when time permits, constitutes a serious or continuing threat, a campus wide “timely warning” notice will be issued. Timely Warning Notices are usually distributed

major incidents of arson, murder/non-negligent manslaughter, and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known.

For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other Integrity College of Health community members and a Crime Alert would not be distributed. In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. Sex offenses will be considered on a case by case basis depending on when and where the incident occurred, when it was reported, and information known by the Campus Director and President or Office Staff.

Cases involving property crimes will be assessed on a case by case basis and alerts will typically be sent if there is a discernible pattern of crime. The Campus Director, President or designee reviews all reports to determine if there is an on-going threat to the community and if the distribution of a Crime Alert is warranted. Crime Alerts may also be posted for other crime classifications and locations, as deemed necessary.

## **DRUG & ALCOHOL POLICY**

The sale, offer to sell, purchase, use, transfer, possession, and /or manufacture of illegal drugs including marijuana (medical or otherwise) and alcohol are strictly prohibited on Integrity College of Health premises including parking lots, cafeterias, and other non-work areas.

Employees who report to work impaired by illegal drugs (or their metabolites), marijuana (including for medical use) or alcohol are in violation of this policy. Impairment means symptoms that include diminished capacity for : speech, walking, standing , physical dexterity, agility, coordination, actions, movement; as well as an employee’s demeanor,

appearance, clothing , body odor, irrational or unusual behavior, negligence or carelessness in operation equipment or machinery, disregard for the safety of the employees or others, involvement in an accident that results in serious damage to equipment or property, any injury to the employee or others or other symptoms causing a reasonable suspicion of the use of drugs or alcohol.

The consumption and/or possession of any alcoholic beverage by any person younger than 21 years old is forbidden as provided by state law and campus regulations. Students and employees will be subject to criminal prosecution for any unlawful possession or distribution of alcohol or drugs. Integrity College of Health may refer violations to appropriate authorities for prosecution

## **SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE & STALKING POLICY**

If possible, victims of sexual assault, dating violence, domestic violence, rape, or stalking, should be reported as soon as possible. If an assault or rape has taken place, it is imperative to preserve evidence of the crime.

All victims of crimes or those that have observed a crime will be directed and assisted to contact local law enforcement. If the victim feels unable to report the crime, the College will respect the victims' confidentiality and anonymity request as long as the College, students, and staff are not placed at any risk or danger. If the College determines there may be a risk to staff and students, local law enforcement will be contacted.

Any incident investigation by the College and resolution will be maintained confidentially. Privacy of the records specific to the investigation is maintained in accordance with state law and the federal Family Educational Rights and Privacy Act (FERPA). Any publicly released reports of crimes will not contain name or names of victims or information that could lead to the identification of the victim. Information about victims is maintained privately in accordance with Title IX and FERPA.

The accused and the accuser are both entitled to the same privacy and confidentiality. Both parties will be able to have equal rights in presenting their case with witnesses during a hearing at the campus.

Once an informal or formal complaint of sexual assault, misconduct or harassment has been received, an investigation will be conducted under the most confidential manner. Disciplinary action for a student that has found to be guilty of offense can be expelled, suspended, or placed on probation. Staff accused and found guilty of sexual harassment, misconduct or assault will be terminated.

## **Adjudication of Violations**

The College's disciplinary process includes a prompt, fair, and impartial investigation and resolution process. In all instances, the process will be conducted in a manner that is consistent with the institution's policy and that is transparent to the accuser and the accused. Usually, the resolution of domestic violence, dating violence, sexual assault and stalking complaints are completed within 60 days of the report. However, each proceeding allows for extensions of timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay. College officials involved in the investigation or adjudication of domestic violence, dating violence, sexual assault and stalking complaints are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. Furthermore, each policy provides that:

1. The accuser and the accused will have timely notice for meetings at which the accuser or accused, may be present;
2. The accuser, the accused and appropriate officials will have timely and equal access to any information that will be used during formal and informal disciplinary investigations;
3. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;
4. The accuser and the accused will have the same opportunities to have others present during any institutional investigation. The accuser and the accused each have the opportunity to be advised by an advisor of their choice at any stage of the process and to be accompanied by that advisor to any related meeting or proceeding. The College will not limit the choice of advisor or presence for either the accuser or the accused in any meeting or institutional disciplinary investigation. However, the role of the advisor is limited to consulting and advising his or her advisee, but not speak for the advisee at any meeting or hearing.
5. The accuser and the accused will be notified simultaneously, in writing, of the initial, interim and final decision of any disciplinary proceeding; and
6. Where an appeal is permitted under the applicable policy, the accuser and the accused will be notified simultaneously in writing, of the procedures for the accused and the victim to appeal the result of the institutional disciplinary proceeding. When an appeal is filed, the accuser and the accused will be notified simultaneously in writing of any change to the result prior to the time that it becomes final as well as of the final result once the appeal is resolved.
