

BECOME A VOCATIONAL NURSE

Job Growth is Strong

If you are compassionate and love helping others, Vocational Nursing may be perfect for you. And job growth is strong.

Employment of Vocational Nursing is projected to grow 9% from 2019 to 2029*, faster than the average for all occupations.

As a Licensed Vocational Nurse (LVN), you will be part of a healthcare delivery team, providing basic nursing care, administering medications, and noting a patient's signs and symptoms. LVNs care for people who are sick, injured, convalescent, or disabled under the support direction of physicians and registered nurses.
