Direct Notice Policy for Programs leading to Licensure or Certification

Integrity College of Health (ICH) determines the student’s physical location during the admissions process. Applicants share their address on the Application for Admission. Their address is verified through a government issued ID that is collected as part of the admissions process. Students located outside of California are not accepted into Integrity College of Health.

Integrity College of Health provides direct notice via email regarding the determination of qualification for licensure for states outside of California.

Integrity College of Health maintains student information, including their physical location, within the Student Information System. Students must notify the institution if they plan to relocate out of state. The institution is only approved to operate in the state of California. Relocating out of state may adversely impact a student’s ability to complete their program. Students must notify the Registrar or Campus Director of a change to their physical location. Students are encouraged to speak with ICH staff before relocating to determine options for continuing training or withdrawing prior to moving outside of California. If a student moves out of California, or if the determination of qualification for licensure for a state on the list changes, Integrity College of Health provides Direct Notice to all students. Direct Notice is provided via email within 14 days after the day the change in determination is identified by ICH.

Integrity College of Health must disclose if programs meet the educational requirements for specific state licensing or credentialing required for employment. The chart identifies the programs offered at Integrity College of Health and if the program curriculum meets state education requirements for licensure, does not meet state education requirements for licensure or if the institution has not determined whether the curriculum meets the state educational requirements for licensure.
