The RN-BSN Bachelor of Science program is designed for the student who currently possesses an Associate Degree and Diploma Registered Nurse (RN) license. Advance your nursing career with our blended and full distance tracks for degree completion. Our program is offered for working nurses who require greater flexibility in their class schedule.

Program Overview

- Length of Program: 46 Weeks (4 courses per semester)
- Semester Credit Hours: 120
- Total Clock Hours: 1,035
- Graduates will receive a Bachelor's of Science (B.S.) Degree in Nursing

Program Objectives include:

- Critical thinking to synthesize knowledge derived from nursing, natural and behavioral sciences, humanities, and arts in professional nursing practice.
- Practice professional nursing competently and safely in diverse settings, utilizing caring, critical thinking and therapeutic nursing interventions with individuals, families, aggregates/populations, and communities at any developmental stage and with varied health experiences.
- Utilizing the knowledge, skills and technologies to practice independently and collaboratively with all health professionals as an advanced beginner professional nurse.
- Applying concepts of leadership and management to the practice of professional nursing to enhance quality and safety in health care.

Accreditation & Approval

The RN-BSN program is programmatically accredited by NLN Commission for Nursing Education Accreditation (NLN CNEA). Integrity College of Health maintains an Institutional Accreditation with the Accrediting Bureau of Health Education Schools (ABHES) www.abhes.org. ABHES is an accrediting agency recognized by the United States Department of Education. Our institution is also licensed by the Bureau for Private Postsecondary Education (BPPE). Licensed to operate means the institution is in compliance with the state standards as set forth in the California Private Postsecondary Education Act of 2009, Ed. Code §94897.
